SUMMARY

I'm a Full Stack Web Developer who loves turning ideas into functional, user-friendly web applications. With experience in React, Node.js, and Express.js, I enjoy diving into both frontend and backend challenges. Whether it's building smooth user interfaces or optimizing app performance, I'm always looking for ways to improve the user experience. I'm passionate about learning new technologies and tackling real-world problems with creative solutions.

SKILLS

- **Frontend Web Development**: Html, CSS, JavaScript, Tailwind CSS, React.js
- **Backend Web Development**: Node.js, Express.js
- **Database**: MongoDB
- **Tools**: VS Code, Postman, MongoDB Compass, Chrome Dev tools
- **Soft Skills**: Communication, Teamwork, Adaptability

WORK EXPERIENCE

Full Stack Web Developer | Think Nxt Media | LINK   **December 2024 - Present**
- Developed and maintained full-stack web applications using **React, Node.js, Express, and MongoDB**.
- Designed and optimized responsive **UI/UX** for enhanced user experience.
- Implemented **RESTful APIs** and integrated third-party services for seamless functionality.
- Optimized database queries to improve application performance.
- Ensured code quality and scalability by following best practices in development and deployment.

PROJECTS

PizzaDash | LINK   **October 2024**
- Developed a dynamic pizza ordering web app using React and Tailwind CSS for a seamless user experience.
- Implemented an intuitive cart system with real-time updates for adding, removing, and modifying orders.
- Integrated a route guard mechanism to restrict access based on user authentication.
- Designed a responsive UI to ensure smooth functionality across different devices

SaveTheShow | LINK   **September 2024**
- Developed a movie tracking web app using React with real-time search and API integrations.
- Implemented dynamic filtering and sorting to enhance user experience in finding movies.
- Integrated local storage to save user preferences and watched movies without requiring authentication.
- Optimized API calls for efficient data fetching and improved app performance.

My Portfolio | LINK   **December 2024**
- Designed and developed a personal portfolio using React and Tailwind CSS to showcase projects and skills.
- Optimized performance and accessibility, ensuring a fast and seamless user experience.
- Implemented a responsive and modern UI, making it fully functional across all devices.
- Deployed the portfolio online, making it easily accessible to recruiters and clients.

EDUCATION

Satgachia Bazar Madhyamik Vidyalaya (H.S)   West Bengal, India
Higher Secondary Exam; 89.6%   **2020 - 2022**
JIS College of Engineering   West Bengal, India
Bachelor of Computer Application (BCA); GPA: 7.78   **2022 - 2025**

CERTIFICATES

Html Css and React | CERTIFICATE   **2024**
- Built a fully responsive web application using React for the frontend.
- Deployed the project using platforms like Netlify or GitHub Pages for easy accessibility and sharing.
- Focused on clean, intuitive UI design with minimalistic styling to provide a smooth and enjoyable experience for users.
